

Faisal Rehman

Frontend Developer – React JS

Experience

BlueHorn Technologies _____ **Junior Front-End Developer**
09/2018 – 09/2019

Technology stack: JavaScript ES6+, React/Redux, RESP API, and templating languages such as HTML/ SCSS.

- Collaborated with product owners and other developers on building high quality, new features for the platform
- Deliver engaging user experience through optimization of images, code, and cross-browser compatibility and worked with UX designers and product managers to build the user interface for a complex data visualization application using Typescript and React.
- Participated in agile ceremonies such as sprint planning, daily standups, demos, and retrospectives.
- Analyzed the Requirements, designing a solution and interacting with team members to provide effort estimates, Coding and Unit Testing.
- Built single page applications (SPA) using React, responsive web design, UI using HTML5 grid layouts, CSS3 media queries.
- Evaluated code to ensure that it is valid, is properly structured, meets industry standards and is compatible with browsers, devices, or operating systems.
- Build UI according to UI/UX designs and created Reusable react presentational and container components.

Education

BS Computer Sciences

- Hajvery University (HU), Lahore
- Graduated with a CGPA of 3.46

WeiseStr 5, 12049 Berlin,
Germany (+49) 1781633786

Skills, Tools & Technologies

Specialites

- Design Patterns
- Problem Solving
- UI/UX
- Project management
- Client communication

Technical Skills

- Html/CSS
- Javascript – ES6
- React JS
- Redux
- Tailwind CSS
- Rest APIs
- Material UI
- Figma
- Git / Github
- Adobe PhotoShop
- MS Office
- Jira
- Postman

Communication and Organizational

- Confident
- Articulate
- Team Player
- Active Listener
- Goal oriented and Result driven
- Decision Making

Language(s)

- Urdu (Native)
- English (Proficient)
- German (A2)
